**Preliminary schedule**
1st Workshop on Homogeneity and Non-Maximality in Plural Predication and Beyond
**Friday, November 18**

| | |
|---|---|
| 14:50-15:00 CET<br>08:50-09:00 EST | *Introduction* |
| 15:00-16:20 CET<br>09:00-10:20 EST | Omri Amiraz (Hebrew University of Jerusalem):<br>**Non-maximality and homogeneity in collective predicates and absolute adjectives**<br><br>Diego Feinmann (Pompeu Fabra University):<br>**Mind the gap: Absolute adjectives give rise to homogeneity effects** |
| 16:20-16:50 CET<br>10:20-10:50 EST | *Break* |
| 16:50-17:30 CET<br>10:50-11:30 EST | *Slot for panel discussion (more information TBA)* |
| 17:30-17:50 CET<br>11:30-11:50 EST | *Break* |
| 17:50-19:10 CET<br>11:50-13:10 EST | Flavia Nährlich (University of Groningen) and Angèle Bernard (Nantes Université):<br>**Plural definites in positive and negative contexts: a cross-linguistic study on homogeneity effects in French and German**<br><br>Jordan Chark (Leibniz-ZAS Berlin):<br>**Homogeneity removal as a local phenomenon** |

**Saturday, November 19**

| | |
|---|---|
| 15:20-16:40 CET<br>09:20-10:40 EST | Clemens Mayr (University of Göttingen) and Yasutada Sudo (University College London):<br>**Domain variables, homogeneity projection, and two notions of entailment**<br><br>Jad Wehbe (MIT):<br>**Revisiting presuppositional accounts of homogeneity** |
| 16:40-17:10 CET<br>10:40-11:10 EST | *Break* |
| 17:10-17:50 CET<br>11:10-11:50 EST | *Slot for panel discussion (more information TBA)* |
| 17:50-18:10 CET<br>11:50-12:10 EST | *Break* |
| 18:10-19:30 CET<br>12:10-13:30 EST | Moysh Bar-Lev (Tel Aviv University):<br>**Homogeneity and Underspecification with non-distributive predicates**<br><br>Mathieu Paillé (University of Calgary):<br>**On quantificational force in conjoined and non-conjoined summative predicates, and its consequences for underspecification theories of homogeneity** |
